

HOLD TIGHT THE CROSS

When you need comfort,
And your eyes are dimmed with tears;
When you need to feel His presence,
To know that He is near,
When your heart is racing,
And your thoughts have a sting,
Tightly grasp this little cross.
And to it prayerfully cling.

THE CROSS

The cross symbolizes the Peace,
Assurance, and Everlasting Life
which come to those who believe
through Jesus Christ.

THE DOVE

Since the earliest days of Christianity,
the dove has represented the Holy Spirit,
which abides in each of us at all times.
Because of this, through prayer, we can
talk to God and He to us.

This comfort cross pattern was developed by John Nolin to be easier to hold than some other comfort crosses. Carved in 3/8" basswood, John has made and given about 20 of these to those needing the comfort. The dove and suitable Bible verses are woodburned after carving and sanding, and before sealing with BOD, and finishing with brush-on acrylic varnish.
